Case Study

Design a simple single page angular application for college where all college faculty list is displayed in a tabular format.

Column names:

1)Faculty Name

2)Department Name

3)Designation

4)Years of Experience

5)Qualification

6)Area of expertise

7)Date of Birth

Objectives:

1. To understand the concept of components
2. Directives
3. Pipes

Note: Make use of maximum concepts
